➤ This page is working with only admin.

➤ Here we add table for sorting all data's.

SNAPSHOT'S:-

➢ This is the footer of the all pages in the website.
➢ Footer is very easy to use and work like shortcut of any page of the website.

FUTURE SCOPE OF THIS PROJECT:-

➢ In future, we can make the project where user can buy watches online by using thewatchshop.in (e-commerce).

➢ Also, we can add the features of tracking and quality assurance to improve our service.

➢ We can make the user interface more interactive by adding more features to our UI.

➢ We can suggest some great deals on watches to our already existing customers and as per there past purchase.

➢ We can add some great options for newlyweds like couple watches with a good deal.

➢ We can make it possible to reduce the shipping time and deliver watches the same day they have been ordered.

THANK YOU
